

Western Nanofabrication Facility

Academic User (Internal) Application for User Access – UWO Speedcode

This form is required for new customers who require access to the Nanofabrication Facility and will pay through a UWO Speedcode. Users will receive access upon completion of the *Cleanroom Orientation* session. Facility Staff will provide training on individual instruments and processes to users as required. Once trained, users will perform their own work under the supervision of Facility Staff.

This information must be updated if billing information changes. This information will be maintained in the Nanofabrication Facility database of authorized users for billing future service requests.

Please return to Tim Goldhawk PAB 25 or email: tim.goldhawk@uwo.ca

User Name: _____

Department or Unit: _____

Student Number: _____ E-Mail Address: _____

Brief description of service(s) required (e.g. SEM, FIB, Deposition, Fabrication, Characterization, etc)

When entering the Nanofabrication Facility, long pants and clean closed toe shoes are required. Shoe covers, gloves, caps and coats and safety glasses must be worn at all times in the cleanroom. All users and visitors must sign in and out of the Logbook at the entrance. Users should inform the appropriate Facility Staff member of their plans to use any instrument.

The User and their Supervisor agree to acknowledge the Nanofabrication Facility in all publications and presentations referring to work performed in the Facility. As a courtesy, the Nanofabrication Facility should be notified of all publications resulting from work performed in the Facility.

For work that requires the development of non-standard processes by Nanofab staff, process engineering time plus instrument fees will be charged. It is expected that suitable credit will be given in any resulting publications in the form of personal acknowledgement or co-authorship, as appropriate.

Signature of User: _____ Date: _____

Faculty / Supervisor Approval – Billing Information

I confirm the above individual will be working under my supervision and requires access to the Nanofabrication Facility as part of his/her or my research activity. I agree to pay for all materials and instrument charges that may be incurred as per current Nanofabrication Facility policy. This work is funded from a research grant for which I have signing authority and is eligible to be charged the Nanofabrication Facility Academic user fee rates.
